Profile

Highly experienced Senior iOS Developer proficient in developing and maintaining robust, high-quality applications using Swift and modern frameworks. Proven ability to build scalable and maintainable code, implement CI/CD pipelines for efficient and automated software delivery, integrate key third-party services, and create reusable components to enhance development efficiency. Strong advocate for clean code, UX, and accessibility, with a track record of successful collaboration in cross-functional teams.

Experience

SENIOR IOS DEVELOPER | JPMORGAN CHASE | AUGUST 2025 – PRESENT

- Building and enhancing features for the Offers & Promotions domain within the Consumer & Community Banking (CCB) line of business.
- Leveraging Vibe coding practices to rapidly develop and iterate on new features, improving delivery velocity.
- Leading the architectural migration from MVVM & UIKit to MVI & SwiftUI, modernising the codebase for improved scalability and maintainability.
- Collaborating closely with cross-functional teams including design, product, and backend to deliver seamless customer-facing experiences.

SENIOR SOFTWARE ENGINEER | WSAUDIOLOGY | HYDERABAD | JANUARY 2024 – JULY 2025

- Spearheaded feature development, ensuring adherence to coding standards and best practices for high-quality implementation.
- Maintained code excellence through rigorous peer reviews and by championing coding guidelines.
- Facilitated monthly chapter meetings, presenting progress and sharing valuable technical insights.
- Collaborated effectively with Design, DevOps, and other cross-functional teams to ensure project alignment and a productive work environment.
- **Led the successful migration to Firebase, resulting in a seamless transition and significant improvements in application performance.**

SDE2 | MOURITECH | HYDERABAD | JUNE 2021 – JANUARY 2024

- Directly engaged with clients to thoroughly understand their requirements and consistently deliver high-quality iOS solutions.
- Designed and implemented intricate user interfaces, including custom views, controls, animations, and transitions, to ensure a fluid and engaging user experience.
- Prioritized application stability and performance optimization, actively participating in code reviews to uphold stringent coding standards.
- Significantly improved accessibility for visually impaired users by integrating comprehensive VoiceOver support, empowering independent device navigation.

IOS DEVELOPER | TALVIEW | BANGALORE | OCTOBER 2018 – MAY 2021

- Developed a real-time face detection module for the Candidate App using Apple's Vision framework and VNDetectFaceLandmarksRequest to identify facial features in both images and videos.
- Led end-to-end development of iOS applications, from initial concept and wireframing to UI implementation using Xcode and Interface Builder.
- Architected and designed user flows and UI components utilizing Storyboards and custom views, ensuring brand consistency through close collaboration with the design team.

- Conducted thorough user testing to gather valuable feedback, iteratively improving application usability and the overall user experience.
- Successfully contributed to multiple App Store releases.

IOS DEVELOPER | KARHAPPY | HYDERABAD | DECEMBER 2016 – OCTOBER 2018

- Contributed to the end-to-end development of iOS applications, implementing features that enhanced both user experience and overall functionality.
- Developed location-based features using the Google Maps Directions API, enabling the display of real-time directions and accurate estimated travel times through efficient JSON parsing.
- Designed and implemented a real-time messaging feature for the KarHappy iOS app utilizing Firebase Messaging APIs, facilitating seamless push notifications and in-app communication.

Education

BACHELOR'S – ELECTRONICS AND COMMUNICATION ENGINEERING | JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY, ANANTAPUR | JULY 2013 – MAY 2016

DIPLOMA – ELECTRONICS AND COMMUNICATION ENGINEERING | STATE BOARD OF TECHNICAL EDUCATION AND TRAINING, ANANTAPUR | JULY 2010 – JUNE 2013

SECONDARY – BOARD OF SECONDARY EDUCATION, ANDHRA PRADESH | JULY 2009 – MARCH 2010

Skills & Abilities

- | | |
|-----------------------------------|-------------------------|
| · App Architecture & Clean Code | · Combine & Async/Await |
| · Proficient in Swift and SwiftUI | · Texture/IGListKit |
| · Experienced in CI/CD & Fastlane | · Poised under pressure |
| · UnitTests & Instruments | · Fun and energetic |

Certifications/Licenses

THE IOS LEAD ESSENTIALS PROGRAM | MAY 2018 – APRIL 2019

An online training program for iOS developers who want to become complete senior developers and be one of the most wanted iOS developers in the world.

Activities and Interests

Chess, Yoga, Badminton, Environmental conservation
